Tanishk Gupta

LinkedIn: 2534-tanishk-gupta
GitHub: Tanishk2534
Email: tanishkgupta2534@gmail.com
Mobile: +91-9129226303

Skills

Languages: C++, Python, Java, C
Skills: Data Visualization, Data Analytics, Machine Learning
Frameworks: Scikit-learn, Matplotlib, Seaborn
Tools & Platforms: Power BI, Google Colab, GitHub, VS Code, Jupyter Notebook
Soft Skills: Collaboration, Problem-Solving, Analytical Thinking, Adaptability

Projects

Quiz Management System — Apr '26

- Developed a RESTful backend application for quiz management using Spring Boot, Hibernate, and H2 Database with full CRUD operations.
- Implemented layered architecture (Controller, Service, Repository) along with entity relationships, exception handling, and JSON-based API responses.
- Tested and managed APIs using Postman and H2 Console to perform quiz creation, retrieval, updating, deletion, and database operations.

Tech Stack: Java, Spring Boot, Spring Data JPA, Hibernate, H2 Database, Maven, Postman

Intelligent Clipboard Manager — July '25

- Developed real-time clipboard tracking and text processing with format detection and quick actions.
- Designed a clean, responsive UI using Swing/JavaFX with searchable history and snippet saving.
- Implemented persistent storage (SQLite/File System) for maintaining long-term clipboard history and boosting productivity.

Tech Stack: Java, AWT Clipboard API, Swing/JavaFX, File Storage

Startup Advisor Chatbot — Mar '25

- Built an AI-powered chatbot using Botpress to deliver automated guidance on business planning, funding, and strategy.
- Designed optimized conversational flows with custom actions, NLP modules, and dynamic response generation.
- Integrated external REST APIs, user profiling, and analytics to enhance recommendation accuracy and engagement.

Tech Stack: Botpress, JavaScript, NLP, REST APIs

Training

Fundamentals of Data Structures and Algorithms — Mar '25 – Apr '25

- Completed structured training covering core concepts including arrays, linked lists, stacks, queues, trees, graphs, and hashing.
- Developed problem-solving skills through implementation of algorithms such as searching, sorting, recursion, and dynamic programming.
- Project – Built an Intelligent Clipboard Manager: real-time clipboard tracking and text processing with format detection and quick actions.

Certificates

- Ethical Hacking | NPTEL — Oct '25
- Computer Communications | Coursera — Aug '24
- Branding and Brand Management with Decker | Udemy — Nov '23
- Email Marketing with Dekker: Cold Email Marketing & More | Udemy — Nov '23

Volunteering & Achievements

Code-A-Haunt Hackathon — Mar '24

- Developed a working software prototype within 24 hours under time constraints.
- Collaborated in a team environment to solve real-world problem statements.
- Presented solution demonstrating rapid development and problem-solving skills.

Education

Lovely Professional University — Phagwara, Punjab
Bachelor of Technology – Computer Science and Engineering; CGPA: 6.91 — Aug '23 – Present

Vikas Bharti School — Gorakhpur, Uttar Pradesh
Senior Secondary: 83.6% — Apr '21 – Jun '22

Little Flower School — Gorakhpur, Uttar Pradesh
Secondary Education: 83.3% — Apr '18 – Mar '20
